UCI Division of Student Affairs

On November 16, 2020 the County of Orange transitioned to Purple Tier requiring UCI to transition most in-person classes to remote instruction. While the majority of classes are no longer taking place in person, we are still offering testing to:

- Students residing off campus but who attended in-person classes during Fall 2020 or who regularly attended onsite events or activities
- Students residing off campus and involved in campus-based research

In accordance with the [UCI Executive Directive – Student Testing](#), students entering or physically present on UCI controlled property must enroll in **weekly** asymptomatic testing.
